

# STUMP THE SERVANT

---

Hi- My name is \_\_\_\_\_ and I work with Alcoholics Anonymous in providing information about A.A. to professionals who may encounter teens with an alcohol problem. We would like to offer a presentation about A.A. to the school counselors and the Teen Health Center staff. Is this something that the school is interested in?

## **STUMP THE SERVANT**

### ROUND 1

Sure, you can contact Joyanne Grace. She is the student care coordinator at the Teen Health Center. She would be happy to work with you.

### ROUND 2

Let me discuss it with the THC coordinator and get back to you.

### ROUND 3

What is A.A. and how does it work?

### ROUND 4

Could you describe the presentation?

### ROUND 5

We already have drug and alcohol counselors for this type of thing.

### ROUND 6

I am familiar with A.A., but the students that I've referred to A.A. said that it did not help them.
